

MICRIOSOFT AZURE WEB APP APPLICATION EXPERIMENT

WITH PYTHON APPLICATION

pradeeeeeeeeeee.azurewebsites.net

30°C Partly sunny

Your web app is running and waiting for your content

Your web app is live, but we don't have your content yet. If you've already deployed, it could take up to 5 minutes for your content to show up, so come back soon.

Built with Python

Haven't deployed yet?
Use the deployment center to publish code or set up continuous deployment.

Starting a new web site?
Follow our Quickstart guide to get a web app ready quickly.

WITH JAVA APPLICATION

Create Web App nanadaaan.azurewebsites.net

SENSEX +0.80%

Hey, Java developers!

Your app service is up and running.
Time to take the next step and deploy your code.

Have your code ready?
Use deployment center to get code published from your client or setup continuous deployment.

Don't have your code yet?
Follow our quickstart guide and you'll have a full app ready in 5 minutes or less.

WITH NODE JSAPPLICATION:

The screenshot shows a web browser window with the URL `vasuuuuuu.azurewebsites.net`. The page displays the Microsoft Azure logo and the message "Your web app is running and waiting for your content". Below this, it states: "Your web app is live, but we don't have your content yet. If you've already deployed, it could take up to 5 minutes for your content to show up, so come back soon." There is an illustration of a computer monitor with a globe and code icons. The text "node Built with NodeJS" is visible. Two buttons are present: "Deployment center" and "Quickstart". The Windows taskbar at the bottom shows the date as 28-03-2024 and the time as 10:34.

WITH .ASP APPLICATION

The screenshot shows a web browser window with the URL `pradeeee.azurewebsites.net`. The page displays the Microsoft Azure logo and the message "Your web app is running and waiting for your content". Below this, it states: "Your web app is live, but we don't have your content yet. If you've already deployed, it could take up to 5 minutes for your content to show up, so come back soon." There is an illustration of a computer monitor with a globe and code icons. The text "</> Supporting Node.js, Java, .NET and more" is visible. Two buttons are present: "Deployment center" and "Quickstart". The Windows taskbar at the bottom shows the date as 28-03-2024 and the time as 10:47.
